Interagency Working Group Session on preparations for the World Radiocommunication Conference 2027

On March 20, 2026, the third session of the Interagency Working Group (IWG) on preparations for the World Radiocommunication Conference 2027 (WRC-27) was held at the state enterprise “BelGIE”.

The session was attended by representatives of the state enterprise “BelGIE” – the competence center on preparations for the WRC, radio frequency services of the Republic of Belarus and interested government bodies and organizations – users of the radio frequency spectrum.

At the session, specialists from the state enterprise “BelGIE” presented information on the results of work completed over the past period, on the most important international events in 2026-2027, as well as proposals for the formation of a draft Position of the Communications Administration of the Republic of Belarus on the agenda items of the WRC-27.

The result of the IWG’s work was the approval by the group’s members of the latest version of the draft Position, which will serve as the basis for protecting the country’s interests at international and regional forums on preparations for the Conference.
